

Team ID	PNT2022TMID42442
Project Name	Project - IoT Based Safety Gadget For Child Safety Monitoring and Notification

TEAM LEADER : R. Manikandan

TEAM MEMBER 1 : K. Vasanthakumar

TEAM MEMBER 2 : V. Sowbarnika

TEAM Member 3 : M. Sowmiya

MENTOR : S. Prabhavathy

IBM CLOUD SERVICES

The screenshot shows the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Manikandan R's Account). The main content area is titled "Dashboard" and features a "For you" section with several tiles: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Explore IBM Cloud Shell" (Try a command-driven approach for creating, developing, and deploying a web project), "Use Cloud Foundry" (Deploy and run your applications without managing servers or clusters with IBM Cloud Foundry), "Visit the IBM Cloud catalog" (Explore our unique product catalog that contains 190+ services and software for your business solutions), "Create and deploy an application" (Browse our starter kits, and then select one to jump start the process to create and deploy your app), and "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources). Below this, there are sections for "News", "Recent support cases", "Planned maintenance", and "IBM Cloud status". The "News" section includes articles like "Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS", "TrustRadius Best Software: Five IBM Offerings to Make the List", "Announcing IBM Cloud Pak for Network Automation Version 2.4", and "No Prerequisites for IBM Cloud Certifications". The "Recent support cases", "Planned maintenance", and "IBM Cloud status" sections each have a "View all" link. The user's profile menu is open on the right, showing options like Profile, Log in to CLI and API, Privacy, Change theme, and Log out.
